

Name: _____

Date: _____

Picture Division: Sharing Objects Equally

Year 8
Division

Divide each group of objects into equal sets as indicated.
Draw circles or lines to show the groups, then write the division equation.

1 12 apples shared equally into 3 groups. 	Division equation: $\underline{\hspace{2cm}} \div \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$
2 15 pencils shared equally into 5 groups. 	Division equation: $\underline{\hspace{2cm}} \div \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$
3 18 basketballs shared equally into 6 groups. 	Division equation: $\underline{\hspace{2cm}} \div \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$
4 20 strawberries shared equally into 4 groups. 	Division equation: $\underline{\hspace{2cm}} \div \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$
5 24 erasers shared equally into 8 groups. 	Division equation: $\underline{\hspace{2cm}} \div \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$
6 27 soccer balls shared equally into 3 groups. 	Division equation: $\underline{\hspace{2cm}} \div \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$
