Picture Division: Sharing Objects Equally

Share the objects into the number of groups shown.
Circle or draw lines to make equal groups, then write the division equation.

1 Share the apples into 2 equal groups.

2 groups

$$\underline{\hspace{2cm}} \div \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

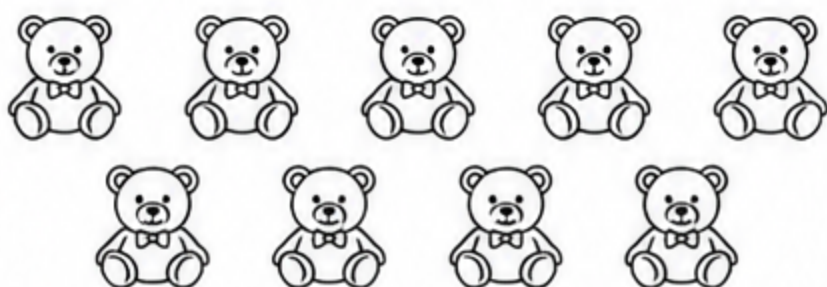

2 Share the stars into 4 equal groups.

4 groups

$$\underline{\hspace{2cm}} \div \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

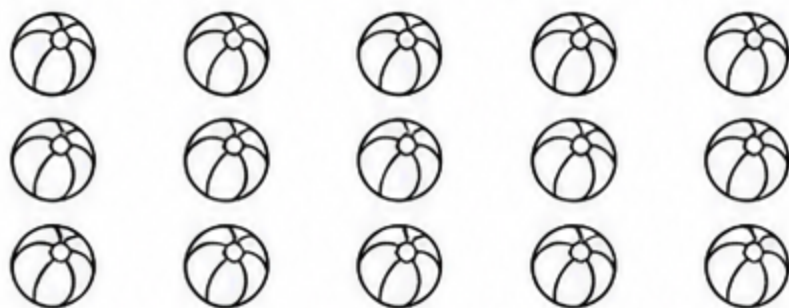

3 Share the teddy bears into 3 equal groups.

3 groups

$$\underline{\hspace{2cm}} \div \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

4 Share the balls into 5 equal groups.

5 groups

$$\underline{\hspace{2cm}} \div \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$

5 Share the cars into 2 equal groups.

2 groups

$$\underline{\hspace{2cm}} \div \underline{\hspace{2cm}} = \underline{\hspace{2cm}}$$
